

Monthly Forum

BEA Forum is a monthly event held at 10.30 am on the first Wednesday of each month at the Granary Cafe Berwick. The forum is aimed at providing an informal get together for coffee and a chat followed by an open group discussion prompted by a previously agreed topic or by a volunteer giving a short presentation to the group.

Refreshments, including coffee and other drinks can be purchased in the cafe on the ground floor and taken up to the first floor Mezzanine level which is provided free of charge for this event on condition that our guests make use of the cafe in this way.

2018 Forum Topics

Wednesday 2nd May

We need to talk about Artificial Intelligence (AI)

Do the technical terms artificial intelligence, data mining, dark web, cryptocurrency, block chain, botnet, or quantum computing leave you completely baffled? Richard Drew will attempt to explain these and other modern technical terms in a non-technical manner and to discuss their implications. Should we feel disturbed and unsettled ?

Wednesday 6th June

The Coast Care project initiated by the Northumberland Wildlife Trust is designed to enable local people and visitors to contribute to the management and conservation of the Northumberland coastal landscape from Amble up to Berwick upon Tweed. Project coordinator Gary Campbell will outline his plan to help us to clean up our coastline.

We would welcome suggestions for speaker topics for future Forums.
